# MURRILL'S AND SACCARDO'S NAMES OF POLYPORES COMPARED

BY

WILLIAM ALPHONSO MURRILL, A.M., PH.D.

*Assistant Director of the New York Botanical Garden, Associate Editor of  
North American Flora, Editor of Mycologia. Author of "Edible and  
Poisonous Mushrooms", "Northern Polypores", "Southern  
Polypores", "Western Polypores", "Tropical  
Polypores", and "American  
Boletes".*

## MURRILL'S AND SACCARDO'S NAMES OF POLYPORES COMPARED

The object of this pamphlet is to harmonize the names used by Saccardo and myself for the species of North American polypores and boletes. Some herbaria use one system of nomenclature and some the other. By consulting this list, one can readily obtain the equivalent of any recognized name in either system. Collectors will also find the pamphlet useful as a check list.

### MURRILL—SACCARDO

DOUBTFUL NAMES AND MANY SYNONYMS ARE OMITTED

MURRILL	SACCARDO
Abortiporus	
distortus .....	Polyporus distortus
tropicalis .....	Polyporus tropicalis
Amauroderma	
avellaneum .....	Ganoderma avellaneum
Brittonii .....	Ganoderma Brittonii
Chaperi .....	Fomes Chaperi
coffeatum .....	Fomes coffeatus
flaviporum .....	Ganoderma flaviporum
nutans .....	Fomes nutans
regulicolor .....	Fomes regulicolor
renatum .....	Fomes renatus
subrenatum .....	Ganoderma subrenatum
Antrodia	
mollis .....	Trametes mollis
Aurantiporellus	
alboluteus .....	Fomes alboluteus
Aurantiporus	
Pilotae .....	Polyporus Pilotae
Bjerkandera	
adusta .....	Polyporus adustus
albostygia .....	Polyporus albostygus
fumosa .....	Polyporus fumosus
puberula .....	Daedalea puberula
subsimulans .....	Polyporus subsimulans
terebrans .....	Polyporus terebrans

MURRILL	SACCARDO
Boletellus	
Ananas .....	Boletus Ananas
Boletinellus	
castanellus .....	Boletinus castanellus
merulioides .....	Boletinus porosus
paluster .....	Boletinus paluster
Boletinus	
appendiculatus .....	Boletinus appendiculatus
Berkeleyi .....	Boletinus decipiens
cavipes .....	Boletinus cavipes
grisellus .....	Boletinus grisellus
pictus .....	Boletinus pictus
spectabilis .....	Boletinus spectabilis
Boletus	
amabilis .....	Boletus amabilis
Clintonianus .....	Boletus Clintonianus
Lakei .....	Boletus Lakei
luteus .....	Boletus luteus
sphaerosporus .....	Boletus sphaerosporus
Ceriumyces	
affinis .....	Boletus affinis
alabamensis .....	Boletus alabamensis
albellus .....	Boletus albellus
Atkinsonianus .....	Boletus Atkinsonianus
auriflammeus .....	Boletus auriflammeus
auriporus .....	Boletus auriporus
Betula .....	Boletus Betula
bicolor .....	Boletus bicolor
chromapes .....	Boletus chromapes
communis .....	Boletus chrysenteron
conicus .....	Boletus conicus
crassus .....	Boletus edulis
Curtisii .....	Boletus Curtisii
eximius .....	Boletus eximius
ferruginatus .....	Boletus piperatus
flaviporus .....	Boletus flaviporus
frustulosus .....	Boletus frustulosus
fumosipes .....	Boletus fumosipes
griseoroseus .....	Boletus griseoroseus
griseus .....	Boletus griseus
guadelupensis .....	Boletus guadelupensis
hemichrysus .....	Boletus hemichrysus
Housei .....	Boletus Housei
illudens .....	Boletus illudens
inflexus .....	Boletus inflexus
jalapensis .....	Boletus jalapensis
Maxoni .....	Suillus Maxoni
miniato-olivaceus .....	Boletus miniato-olivaceus

MURRILL	SACCARDO
<b>Ceratomyces</b>	
mirabilis .....	Boletus mirabilis
oregonensis .....	Boletus oregonensis
pallidus .....	Boletus pallidus
parasiticus .....	Boletus parasiticus
Peckii .....	Boletus Peckii
retipes .....	Boletus retipes
Roxanae .....	Boletus Roxanae
Russellii .....	Boletus Russellii
scabripes .....	Boletus scabripes
sordidus .....	Boletus sordidus
speciosus .....	Boletus speciosus
subglabripes .....	Boletus subglabripes
subpallidus .....	Boletus subpallidus
subsanguineus .....	Boletus subsanguineus
subtomentosus .....	Boletus subtomentosus
tabacinus .....	Boletus tabacinus
tomentipes .....	Boletus tomentipes
Vanderbiltianus .....	Boletus Vanderbiltianus
viscidus .....	Boletus viscidus
Zelleri .....	Boletus Zelleri
<b>Cerrena</b>	
stereoides .....	Daedalea stereoides
unicolor .....	Daedalea unicolor
<b>Cerrenella</b>	
farinacea .....	Irpex farinaceus
Ravenelii .....	Daedalea Ravenelii
subcoriacea .....	Irpex subcoriaceus
<b>Coltricia</b>	
cinnamomea .....	Polystictus cinnamomeus
focicola .....	Polystictus parvulus
Memmingeri .....	Polystictus Memmingeri
obesa .....	Polystictus obesus
perennis .....	Polystictus perennis
spathulata .....	Polystictus spathulatus
tomentosa .....	Polystictus tomentosus
<b>Coltricella</b>	
dependens .....	Polystictus dependens
<b>Corirolellus</b>	
cuneatus .....	Trametes cuneata
sepium .....	Trametes sepium
Sequoiae .....	Trametes Sequoiae
serialis .....	Trametes serialis
<b>Corioloopsis</b>	
caperata .....	Polystictus caperatus
caperatiformis .....	Polystictus caperatiformis
cirrifer .....	Polystictus cirrifer
crocata .....	Polystictus crocatus

MURRILL		SACCARDO
<b>Corioloipsis</b>		
crocatiformis .....	Polystictus	crocatiformis
fulvocinerea .....	Polystictus	fulvocinereus
fumosa .....	Polystictus	fumosus
nigrocinerea .....	Polystictus	nigrocinereus
occidentalis .....	Polystictus	occidentalis
rigida .....	Polystictus	rigens
sarcitiformis .....	Polystictus	sarcitiformis
subglabrescens .....	Polystictus	subglabrescens
Taylori .....	Polystictus	Taylori
vibratilis .....	Polystictus	vibratilis
vittata .....	Hexagonia	vittata
<b>Coriolus</b>		
abietinus .....	Polystictus	abietinus
alabamensis .....	Polystictus	alabamensis
armenicolor .....	Polystictus	armenicolor
balsameus .....	Polystictus	balsameus
biformis .....	Polystictus	molliusculus
brachypus .....	Polystictus	brachypus
concavus .....	Polystictus	concavus
concentricus .....	Polystictus	concentricus
cyphelloides .....	Polystictus	cyphelloides
delectans .....	Polystictus	delectans
depauperatus .....	Polystictus	depauperatus
Drummondii .....	Polystictus	Drummondii
ectypus .....	Polystictus	ectypus
effusus .....	Polystictus	effusus
fulvo-umbrinus .....	Polystictus	fulvo-umbrinus
haedinus .....	Polystictus	haedinus
hexagoniformis .....	Polystictus	hexagoniformis
hirsutulus .....	Polystictus	hirsutulus
Hollickii .....	Polystictus	Hollickii
hondurensis .....	Polystictus	hondurensis
irpiciformis .....	Polystictus	irpiciformis
leiodermus .....	Polystictus	leiodermus
limitatus .....	Trametes	limitata
Lloydii .....	Polystictus	Lloydii
maximus .....	Irpex	maximus
membranaceus .....	Polystictus	membranaceus
molliusculus .....	Polystictus	molliusculus
nigromarginatus .....	Polystictus	nigromarginatus
ochrotinctellus .....	Polystictus	ochrotinctellus
orizabensis .....	Polystictus	orizabensis
pallidofulvellus .....	Polyporus	pallidocervinus
pavonius .....	Polystictus	pavonius
pertenuis .....	Polystictus	pertenuis
pinsitus .....	Polystictus	pinsitus
planellus .....	Polystictus	planus

MURRILL	SACCARDO
Coriolus	
prolificans .....	Polystictus prolificans
pubescens .....	Polyporus pubescens
scutatus .....	Polystictus scutatus
sector .....	Polystictus sector
sericeohirsutus .....	Hexagonia sericea
sobrius .....	Polystictus sobrius
subchartaceus .....	Polystictus subchartaceus
subectypus .....	Polystictus subectypus
sublilacinus .....	Polystictus sublilacinus
subluteus .....	Polyporus subluteus
subpavonius .....	Polystictus subpavonius
substipitatus .....	Polystictus substipitatus
tepeitensis .....	Polystictus tepeitensis
versicolor .....	Polystictus versicolor
washingtoniensis .....	Polystictus washingtoniensis
xuchilensis .....	Polystictus xuchilensis
Cryptoporus	
volvatus .....	Fomes volvatus
Cycloporellus	
iodinus .....	Polystictus iodinus
Cycloporus	
Greenei .....	Cyclomyces Greenei
Daedalea	
Aesculi .....	Daedalea ambigua
amanitoides .....	Lenzites repanda
ambigua .....	Trametes ambigua
confragosa .....	Daedalea confragosa
favoloides .....	Daedalea favoloides
juniperina .....	Daedalea juniperina
microsticta .....	Daedalea microsticta
quercina .....	Daedalea quercina
Sprucei .....	Daedalea Sprucei
Earliella	
corrugata .....	Polystictus Persoonii
Elfvingia	
Brownii .....	Fomes Brownii
fasciata .....	Fomes fasciatus
fomentaria .....	Fomes fomentarius
Lionnetii .....	Fomes Lionnetii
lobata .....	Fomes lobatus
megaloma .....	Fomes megaloma
tornata .....	Fomes australis
Elfvingiella	
fasciata .....	Fomes fasciatus
fomentaria .....	Fomes fomentarius
Favolus	
leprosus .....	Hexagonia leprosa

MURRILL	SACCARDO
<b>Favolus</b>	
tenuiformis .....	Hexagonia tenuiformis
tenuis .....	Hexagonia tenuis
variegatus .....	Hexagonia variegata
<b>Flaviporellus</b>	
Splitgerberi .....	Polystictus Splitgerberi
<b>Flaviporus</b>	
crocitinctus .....	Fomes crocitinctus
rufoflavus .....	Fomes rufoflavus
<b>Fomes</b>	
amarus .....	Polyporus amarus
annosus .....	Fomes annosus
Auberianus .....	Polyporus Auberianus
Ellisianus .....	Fomes Ellisianus
fraxineus .....	Fomes fraxineus
fraxinophilus .....	Fomes fraxinophilus
geotropus .....	Fomes geotropus
Laricis .....	Polyporus officinalis
ligneus .....	Fomes ligneus
Meliae .....	Polyporus Meliae
ohiensis .....	Trametes ohiensis
populinus .....	Fomes populinus
roseus .....	Fomes roseus
rubritinctus .....	Fomes rubritinctus
Sagraeanus .....	Trametes Sagraeana
scutellatus .....	Fomes scutellatus
subferreus .....	Fomes subferreus
turbinatus .....	Polyporus turbinatus
ungulatus .....	Fomes ungulatus

nigrocinerus .....	Coriolopsis nigrocinerea
nigromarginatus .....	Coriolus nigromarginatus
obesus .....	Coltricia obesa
oblectans .....	Coltricia cinnamomea
occidentalis .....	Coriolopsis occidentalis
ochrotinctellus .....	Coriolus ochrotinctellus
Oniscus .....	Coriolus sector
orizabensis .....	Coriolus orizabensis
parvulus .....	Coltricia cinnamomea
parvulus .....	Coltricia focicola
pavonius .....	Coriolus pavonius
Peckianus .....	Grifola Peckiana
perennis .....	Coltricia perennis
pergamenus .....	Coriolus prolificans
Persoonii .....	Earliella corrugata
pertenuis .....	Coriolus pertenuis
petaliformis .....	Microporellus dealbatus
piceinus .....	Porodaedalea Pini
pinsitus .....	Coriolus pinsitus
planus .....	Coriolus planellus
polygrammus .....	Microporellus dealbatus
porphyritis .....	Microporellus porphyritis
prolificans .....	Coriolus prolificans
pseudopergamenus .....	Coriolus prolificans
purpureofuscus .....	Hapalopilus gilvus
pusio .....	Coriolus abietinus
radiatus .....	Inonotus radiatus
Ravenelii .....	Microporellus dealbatus
rheicolor .....	Flaviporellus Splitgerberi
rigens .....	Coriolopsis rigida
rufopictus .....	Rigidoporus surinamensis
sanguineus .....	Pycnoporus sanguineus
sarcitiformis .....	Coriolopsis sarcitiformis

SACCARDO	MURRILL
<b>Polystictus</b>	
Sartwellii .....	Coriolus prolificans
scarrosus .....	Coriolus molliusculus
scutatus .....	Coriolus scutatus
sector .....	Coriolus sector
semiplicatus .....	Coriolus membranaceus
serialis .....	Coriolellus serialis
sobrius .....	Coriolus sobrius
spathulatus .....	Coltricia spathulata
Splitgerberi .....	Flaviporellus Splitgerberi
stereinus .....	Rigidoporus Liebmanni
stuppeus .....	Funalia stuppea
subchartaceus .....	Coriolus subchartaceus
subectypus .....	Coriolus subectypus
subflavus .....	Coriolus prolificans
subglaber .....	Hapalopilus licnoides
subglabrescens .....	Coriolopsis subglabrescens
sublilacinus .....	Coriolus sublilacinus
subpavonius .....	Coriolus subpavonius
subsericeus .....	Coltricia cinnamomea
substipitatus .....	Coriolus substipitatus
Sullivantii .....	Coriolus pubescens
sulphuratus .....	Flaviporellus Splitgerberi
surinamensis .....	Rigidoporus surinamensis
Taylori .....	Coriolopsis Taylori
tener .....	Coriolus pinsitus
tepeitensis .....	Coriolus tepeitensis
tomentosus .....	Coltricia tomentosa
trichomallus .....	Trichaptum trichomallum
umbonatus .....	Coriolus pinsitus
undiger .....	Coriolus baedinus
unguicularis .....	Microporellus unguicularis
variiformis .....	Coriolellus serialis
versatilis .....	Funalia versatilis
versicolor .....	Coriolus versicolor
vibratilis .....	Coriolopsis vibratilis
villosus .....	Funalia villosa
vinosus .....	Nigroporus vinosus
virgineus .....	Poronidulus conchifer
washingtoniensis .....	Coriolus washingtoniensis
xalapensis .....	Coriolus prolificans
xuchilensis .....	Coriolus xuchilensis
<b>Poria</b>	
obducens .....	Fomes populinus
portoricensis .....	Cerrenella farinacea
setigera .....	Inonotus radiatus
Tulipiferae .....	Iripiciporus lacteus

SACCARDO	MURRILL
Strobilomyces	
strobilaceus .....	Strobilomyces strobilaceus
Suillus	
Maxoni .....	Ceratomyces Maxoni
subalbellus .....	Gyroporus subalbellus
Trametes	
Abietis .....	Porodaedalea Pini
ambigua .....	Daedalea ambigua
Berkeleyi .....	Daedalea ambigua
centralis .....	Daedalea amanitoides
cinnabarina .....	Pycnoporus cinnabarinus
cuneata .....	Coriollus cuneatus
elegans .....	Daedalea amanitoides
Feathermanni .....	Pogonomyces hydroides
fibrosa .....	Pogonomyces hydroides
fumoso-avellanea .....	Fomitella fumoso-avellanea
hispidula .....	Funalia hispidula
hydroides .....	Pogonomyces hydroides
incana .....	Daedalea ambigua
jamaicensis .....	Trametes jamaicensis
lactea .....	Daedalea ambigua
lignea .....	Trametes lignea
limitata .....	Coriollus limitatus
mollis .....	Antrodia mollis
ocellata .....	Pogonomyces hydroides
odora .....	Trametes suaveolens
ohiensis .....	Fomes ohiensis
Peckii .....	Funalia stipitata
Pini .....	Porodaedalea Pini
pura .....	Tyromyces leucomallus
robiniophila .....	Trametes robiniophila
rubescens .....	Daedalea confragosa
Sagraeana .....	Fomes Sagraeanus
sepium .....	Coriollus sepium
Sequoiae .....	Coriollus Sequoiae
serialis .....	Coriollus serialis
suaveolens .....	Trametes suaveolens
submurina .....	Trametes submurina
subnigra .....	Trametes subnigra

# Books on Fleshy and Woody Fungi

---

By WILLIAM A. MURRILL, A.M., PH.D., Assistant Director of the New York Botanical Garden, Editor of *Mycologia*, and Assistant Editor of *North American Flora*.

**Edible and Poisonous Mushrooms . . . . \$2.00**

A large colored chart and a descriptive handbook containing the chief edible and poisonous species in America.

**American Boletes, issued December 8, 1914 . . . \$1.00**

Including all the species found in temperate and tropical North America, both on the mainland and on the islands, south to South America.

**Northern Polypores, issued December 8, 1914 . . \$1.00**

Including species found in Canada and the United States south to Virginia and west to the Rockies.

**Southern Polypores, issued January 30, 1915 . . \$1.00**

Including species found in the United States from North Carolina to Florida and west to Texas.

**Western Polypores, issued March 25, 1915 . . . \$1.00**

Including species found in the states on the Pacific coast from California to Alaska.

**Tropical Polypores, issued June 15, 1915 . . . \$1.50**

Including species found in Mexico, Central America, southern Florida, the West Indies, and other islands between North America and South America.

**Murrill's and Saccardo's Names of Polypores**

**Compared, issued March, 1918 . . . . . .35**

This also serves as a check list of North American polypores and boletes.

The above prices include prepaid postage, even to foreign countries. *No reduction is made to anyone, dealers excepted.* The author regrets that, owing to the small editions, no copies can be distributed for examination, but a free desk copy will be supplied, if requested, with an order for ten copies of the same book sent to one address.

Remit by Postoffice or Express Money Order, or if by Check, please add Exchange.
